BACKGROUND:

Remember the past and dream of the future as we revisit some old time holiday traditions while creating new family memories. From a series of magical children's events to numerous entertainers and mouth watering delights, this day is a must for family members young and old. Created by volunteers and supported by the community, the Festival of Trees benefits The Centre for Dreams.

The Festival itself is not a new concept. It first begun in Salt Lake City, Utah over thirty years ago and has become an international festival held in hundreds of communities across The United States and Canada. This Festival grows from year to year as the word spreads about what beautiful, magical events they are.

The Centre for DREAMS held its 1st Annual Festival of Trees in December of 2004. We are proud to celebrate our 5th Annual Festival of Trees this year.
